

BOND & LIEN SEMINAR (ZOOM Meeting)

**Texas Lien Laws
What are they?
What impact will it have?
How can I protect my company?**

Our speakers are attorneys Thomas J. Walthall, Jr. and Bethany F. Beck of the Sanderford & Carroll, P.C. Their point counterpoint dialogue and role-playing adds excitement to the discussion and improves understanding and retention of the material. They are considered to be experts in the field of perfecting bond and lien claims in the State of Texas and are frequent speakers at meetings and trade group seminars on construction issues. Come join us for this “must” seminar for the credit staff of companies supplying the construction industry.
